'Money' Doll to Make It For Plaza Upkeep

Kick off for the annual Plaza Beautification Project of the Lemon Grove Business Women's League is set for Nov. 1. As before, a beautiful doll dressed in money will be raffled off. Proceeds will be used for maintaining and landscaping the plaza. General chairman Edna Snyder made the announcement at the regular meeting of the group at Michael's Thursday night. Assisting her will be Julia Frale, tickets; Dorothy Louer and Arlene Wilson, publicity; Vera Chaffe and Helen Tomer, dressing the doll; Ina Leonesio and Dorothy Ellis, display; Bea Morse, street vending; and Ethel Oyler, final day chairman.

Chairmen for the Nativity scene will be Doris Chappelle and Jerry Antoinette. Mildred Huebsch will be in charge of the Christmas tree.

President Ethel Oyler announced that the extra sales tax now being collected can be kept here in Lemon Grove if we act now. We should all attend a meeting to be held in the Youth Center on Oct. 9 at 8:00 o'clock and find out what we can do.

Welcomed to the meeting were two guests, Mrs. Lois Lipscomb and Vada Dawson, also new member June York.

$500,000 GIFT ELECTION IS TUESDAY.

Voters of Lemon Grove visit the polls Tuesday, October 16, to decide whether the Lemon Grove School District shall accept a state loan of $500,000 for the construction of a new junior high and elementary school here. Before the funds can be released here, voters must authorize the loan by a two thirds vote.

Polls at the four school sites, Monterey Heights, San Miguel, Vista La Mesa, and the junior high, will be open from 7:00 a.m. until 7:00 p.m.

According to school board members, the loan will not be reflected in the local tax rate. Since existing loans must be repaid before payment on the new money begins and since the loan is cancelled after thirty years, whether it is repaid or not, there is small possibility of Lemon Grove residents being able to make any payments on this new half million dollars.

This is made possible to small districts through special legislation which protects the taxpayer but enables an impoverished district to construct the necessary classrooms for an ever-increasing number of students. Unanimously approved by the board, the special election can mean a virtual grant of money to build the classrooms at the site on Palm Street. With booming construction of homes in Lemon Grove, new facilities must be provided if the district is to maintain single sessions for all pupils. Authorization of this state loan next Thursday can assure residents of adequate school facilities with no raise in the tax rate for repayment.

C. of C. APROVES BONDS

Lemon Grove Chamber of Commerce Board endorsed the Lemon Grove School Bond Election of October 16th.

JILL LEADS MAILMAN'S LIFE

Jill, a black half cocker-half plain dog, is the pet of Lt. (ret.) and Mrs. T. Z. Little, 6825 San Miguel Avenue and is a mail-lady at heart. Whenever the mail truck pulls up at 10:30 a.m. she scampers out for her master's mail. Emile Rosati, 7690 Burnel, a carrier in Lemon Grove since 1951, has become accustomed to Jill and, as shown in the photo above, accepts this as a standard practice at the Little home.

Jill was born five years ago at Key West, Florida, used to have a cat partner named Jack, but Jack went on tour and was never heard from again. She now has Taco, a two-year-old Chihuahua, for a companion.

Mrs. Little says that it was no problem teaching Jill to bring in the mail and Jill loves it. Rosati hands her the mail as though she were a person, giving her a few words of admonition.

At one time, when living in another place, the mail man was a sour-puss and wouldn't hand the mail to Jill.

Particularly proud of her mail-man capabilities, Jill was more responsive than usual this week so as to get "National Letter Writing Week" marked October 7-13, off to a good start in Lemon Grove.

1100 Homes for New Subdivision in La Mesa

Plans to build 1100 more homes in a new La Mesa subdivision have been disclosed with the announcement that William Berk of Los Angeles has purchased more than 300 acres for a residential development. R. F. Bachman, senior vice president of Union Title Insurance and Trust Co., stated that Berk had negotiated a contract with the MacDonald Brothers of Los Angeles, second largest home building firm in the nation, to erect the houses. Grading has already started on the first unit of 50 acres, which will provide sites for 214 homes.

Bachman said Berk purchased the land from two owners, the San Diego Federal Savings and Loan Association and Johnson, Tyson and Lynds, Chula Vista building firm, at a price of "approximately $1,200,000."

According to Berk, development of the 300 acres will be undertaken in six successive units, and he estimated it would be completed in two or three years. The subdivision will be known as Highland Village, is in North La Mesa, bordered on the north and west by Lake Murray Boulevard and on the south and east by the new Fletcher Parkway. It adjoins the two units of Lake Murray Village, where Johnson, Tyson and Lynds have completed 211 homes.

Berk said work on model houses has been started and the models should be completed about Nov. 1, when a sales campaign will be opened. He said the builders plan a continuous construction program until all six units are finished, and estimated that a total investment of 30 million dollars would be required to complete the project. He said all financing had been arranged through Bank of America. Most of the homes will be either three or four bedrooms, with two bathrooms.

"Prices will range from $14,000 on up to $40,000." A shopping center, supermarket and drug store and other shops are planned in the first unit.

This land was on the delinquent list ten years ago, for unpaid taxes. Just shows that the boys who started North La Mesa had vision, and their dreams of development were just a few years from realization.

'HOME' TO BE SERMON TOPIC AT TRINITY PRESBYTERIAN

The Sacrament of Infant Baptism will be administered at Trinity Presbyterian Church Sunday at both the 9:30 and 11 a.m. worship services.

Dr. Elmer Lloyd Jones will deal with the importance of the home.

Two sessions of church school are held each Sunday at 9:30 and 11 a.m.

Kiwanis Club Marks Newspaper Week

Lemon Grove Kiwanis Club is an organization of good fellows who really do things for the good of the neighborhood.

This reporter was a guest at Wednesday's meeting, first he has attended in 28 years, when he belonged to San Gabriel Kiwanis.

We didn't make any notes, being concerned about what to say about National Newspaper Week. Max Goodwin, program chairman, had been assigned to get the newspapers into the act, and had asked us to make a few remarks about newspapers 45 years ago, when we started in.

Ray Graham, veteran newspaper man, was also slated for some remarks, and he stole the show. He told about his first newspaper, published when he was ten years old, and how he scooped the dailies 55 years ago with the account of President McKinley's assassination, and printing the first picture of Colgoz, the assassin. (The picture turned out to be that of the city marshal of the town, but nobody caught it.)

Ray published newspapers in three towns in Iowa between 1900 and 1926, published the Rosemead REVIEW for 15 years, from 1930 to 1945, and was publisher of Lemon Grove REVIEW from 1949 to 1952, when ill-health forced his retirement. Graham sold the REVIEW to Max Goodwin, and they are still friends.

Dick Henderson told some of his experiences as a publisher of the Coronado STRAND. He admitted that he never had a scoop but told about a subscriber who had just finished hanging a big wash on the line, pinned up the last piece of lingerie, when the line broke and the wash dropped to the ground, and had to be done all over. Dick printed the story and the lady was pretty mad. She "stopped her paper," but her husband had the address changed to his shop in San Diego.

Max Goodwin, prefacing his remarks about Newspaper Week, said the National Underwriters had horned in on the same week with a Fire Prevention Program in the years past. It occurred to this reporter that Fire Prevention Week should come earlier in the year, before a lot of knuckleheads go out into the hills and trees and throw away burning cigarette butts, causing forest fires that burn hundreds of acres and do untold damage to watersheds. Why wait till the forests are tinder-dry before the aforesaid knuckleheads that "Only You Can Prevent Forest Fires"?

Chief interest of the meeting was the showing of a toy cart, loaded with toys, that was presented to Grossmont Hospital for use in the children's ward. L. M. Peelyon was present to receive the gift on behalf of the hospital.

Lemon Grove High Teen C Klub furnished three guests, Bob Vezza, Richard Brady and Daryl Adams.

The Kiwanis Club marked National Fire Prevention Week this week. Chief Pappy Hensley, a Kiwanian, was in charge of the program.

Most Local Firms To Have Part In Lucky Lemon Event

More than 25 local business firms will take part in the Fall Edition of Lucky Lemon Days. It will be marked Thursday, Friday and Saturday, October 25, 26 and 27.

This merchandising event has become popular throughout because local firms mark-down currently wanted items to dramatize the advantages of shopping at home.

In addition to prices comparable with those anywhere, free parking and helpful, personal service are offered.

Helix Water To Be Used In SV Sewer Plant

The Helix Irrigation District Board Tuesday agreed to supply water for the soon-to-be-built Sewage treatment plant provided all the users were within the area served by the water district. Plant site is in the Otay Water District.

This would in effect, deny use of the sanitation facilities to those projects which annex to the city of San Diego in order to acquire water, a spokesman indicated.

Free Chestmobile X-Rays Start Next Week

The Chestmobile will be stationed in Lemon Grove next week in front of Rella's Shoe Store at 7860 Broadway. Power to operate the device is also being contributed by Rella. Residents of Lemon Grove, Spring Valley, La Mesa and Jamul can have chest X-rays taken at the mobile X-ray unit during the following hours:

Monday, October 15, through Thursday, Oct. 18 — 12 noon to 6 p.m.

Friday, Oct. 19 — 1 p.m. to 7 p.m.

The Chestmobile is a public service of the San Diego County Department of Public Health.

Dr. J. B. Askew, Director of the San Diego County Department of Public Health, said yesterday that periodic chest X-rays are an important safeguard to the health of the adult population of the county. He pointed out that X-rays can reveal the presence of the disease long before a person may feel ill. Early detection of tuberculosis, he added, can lead to an early cure.

Dr. Askew urged men, particularly men over 45 years of age, to have their chests X-rayed. He said that of 297 cases of tuberculosis found in the county last year 187 were among men and 110 among women. Of the 187 cases found in men, Dr. Askew said 112 were in the age group over 45 years of age.

The largest number of cases found in women, he said, were in a younger age bracket. A total of 70 cases were in the 15 to 24 age group; 30 were in the 25 to 34 age group and 16 were in the 35 to 44 age group.

One of the reasons for the decrease in tuberculosis in recent years, Dr. Askew pointed out, has been the early discovery of tuberculosis by chest X-ray surveys. Throughout San Diego County in 1950, he said, 640 new cases of tuberculosis were found and 88 persons died of the disease. Last year the deaths from tuberculosis dropped to 36, and only 297 new cases were found.

Bids Tossed Out By School Board For Maintenance Building

The Lemon Grove School Board this week tossed out all bids for the new maintenance building scheduled for the area south of the Education Center. The building, 2,300 square feet in size, had been planned at the $25,000 to $27,000 level.

Bids from 10 contractors ranged from $38,000 down to $32,000 and one bid had a number of irregularities.

Byron Netzley, school superintendent, said that the building would have to be re-planned in line with the money budgeted for its construction.

POSTMASTER HEADS SWIMMING POOL ASSOCIATION

Lemon Grove Postmaster "Frenchy" Faucher was elected president of the Lemon Grove Swimming Pool Association Monday night. He succeeds Arva Piepenbrink.

Faucher said that he would oppose the formation of a taxing district for building a swimming pool or providing recreation facilities.

Joe Cannizzaro To Supply Program For Men's Club

Joseph Cannizzaro will supply the program at the Men's Club Friday and the subject will be related to the future government of Lemon Grove.

Mayor Charles Dail will be speaker at the October 19 meeting.

Last week members heard Lewis Smith of the Grossmont High School District tell of the need for approving an excess tax levy of $1.25 for five years. This election will be held between the special authorization election being conducted by the Lemon Grove School District and the general election on November 6.

A. S. Pratt Jr., representing Larwood Park, a new development of 600-700 homes, became the newest member. Larwood Park will be west of Monterey Heights.

THINGS DOIN' & BREWIN'
About Civic Center

By DICK HENDERSON

Well folks, you could have knocked me over with a couple of feathers when Dave Bird, our favorite supervisor, resigned as chairman of the board.

Y'see, the denouement came at the start of the afternoon session of the board, and I don't often stay over till 2 o'clock. Being on a diet, I usually eat my lunch with my "mama," who is a good cook and won't let me eat what I shouldn't. In case you're interested, my doctor told me to get my gall bladder X-rayed, and after two trials, with me eating a very light supper and taking six iodine pills at five minute intervals after 9 p.m. the first time, which didn't show any gall and a second session with nine pills, to try and get a picture, but failed, the project was abandoned. I asked the man who worked the X-ray what would be done, and he said "It's up to the doctor." So I arranged for a talk with Dr. Burak and he said my gall bladder was not functioning and to take two green pills a day—they are supposed to stimulate the flow of bile, which is what the gall bladder is for—and don't eat any fat, especially half-and-half or chocolate. "If you were 25 years younger we would have some surgery, but it's a little late for that." So now you know why I am so shy and retiring. I haven't any gall. I feel pretty good and don't mind being on a diet.

To get back to the supervisors' meeting: Several persons have expressed their regret that Dave Bird has resigned the chairmanship of the board, hoped he would re-consider. "He has been a good friend of Lemon Grove," as Frank Armstrong expressed it. We agree, but the chairmanship of the board is more of an honor than a necessity, and does not pay any more money. Dave has been honored several times, but he will be our supervisor for four years more, so we will still have a friend at court.

At 11 a.m. a hearing on Assessment No. 156 of paving and curbs in Beryl Street et al, in a portion of the unincorporated area of the County of San Diego, Road Improvement District No. 6007, Area No. 40, Road Survey No. 1465, Lemon Grove. The assessment of $9.11 per square foot was approved by the board. No protests were made.

Next on the docket was a hearing on Resolution of Intention to vacate an easement for public utility purposes across the southerly end of Lots 103 and 104 in Casa de Oro Avocado Estates Unit No. 2, as requested by Mrs. John Zambruski, under provisions of the Public Service Easements Law. The easement was vacated.

Monday afternoon at 2 p.m. bids for the construction of Road Survey No. 1463, Massachusetts Avenue from Broadway in Lemon Grove northerly to University Avenue, were received, with Kenneth Golden Co. Inc. getting the award on their bid of $92,373.75. Four bids were received.

Welfare Matters

The department of public welfare submits a list of 726 cases for which it recommends that cash in the amount of $41,255.15 be expended for the month of October.

Letter from county counsel recommending that Raul A. Laughlin's petition for the payment of his salary during the time he was deprived of his position of Appraiser II be rejected on the ground that it does not meet the statutory requirements for a claim, and that in the event a properly itemized and verified claim is filed, the board set the matter for hearing.

Note to the Ladies

If you want to serve on an election board on Nov. 6 we suggest that you visit the registrar's office in Old Town and make application. Better do it pretty soon, and get your name in the pot.

The Dimmer VIEW

By MAX GOODWIN

Two men, both active in county government in this part of the county, made the news last week.

Dave Bird, our own supervisor and chairman of the board of supervisors, stood up before his compatriots last week and quit as chairman. While he did not say so, I believe he was nettled by the apparent incivility (intention or not) of the rest of the board in their failure to name him to the board of directors of the County Supervisors Association.

Fred Hansen, who served on the county planning commission in various capacities for 27 years, lives in this area and has made a fortune in land, he being one of the big landholders. He made the news when the planning commission and board of supervisors threw an appreciation luncheon for him last week at Town and Country. He retired earlier this year from the planning department because of considerations of health.

Bird, I think, was justified in delivering himself. I would have quit the chair too, as I did in the instance of the Men's Club a few weeks ago when it became apparent that no one was going to produce a program, when making committee appointment stick was next to impossible. Bird, of recent months, had lost the cooperation of the majority of the board, he indicated. He said that with this split existing he found he had become apologist for the board rather than an effective chairman.

Minority Control

When it became definite that Bird could not depend on three of the board members for the kind of understanding and cooperation a governmental chair requires, he quit. It was not a matter of ego as some of the members inferred. Because Bird had the office of authority but the representation of a minority of the board's thinking he found himself pedalling occasionally and apologizing frequently for some of the board's actions.

He made a pretty good speech when he quit. He said ". . . I do not represent the majority thinking of the board. I'll come back to the meeting when you decide who is to become chairman." And he stalked out. I think he should be congratulated for the power of his convictions.

In the other matter, the one concerning Fred Hansen, the board of supervisors and the planning department gave an "appreciation" luncheon for him at the Town and Country Club last week. Hansen's service contribution to the county is legend. He had acquired considerable property in the county during his lifetime and as the population expanded his holdings became more valuable.

One matter, rather small, in which Hansen was involved is significant of the nature of the man, and perhaps sets, as well as anything, the philosophy of those who arranged the "appreciation" affair.

Hansen Retires

Hansen retired from the planning commission assignment soon after the success of Spring Valley sewers, a project he was interested in and worked on for a long time, was assured.

Less than a month ago options were to expire on property the county had nailed down for the Spring Valley sewage treatment plant. Original plans were to have the bonds sold and use this money to pick up the options and pay for the sewer system before then but an action by persons opposed to the sewer plan delayed the sale until the State Supreme Court said the bonds

22-Acre Industrial Development Planned For Lemon Grove

Purchase of 22 acres of commercial property on Federal Boulevard west of College was announced this week by the new owner, A. M. Houston, former cabinet shop operator of 3907 Plumosa Drive, Pt. Loma.

Purchase was made from Tony Sonka for an undisclosed sum.

Houston said that the property which starts at the former Cinema Dine Theatre site and runs west 4,000 feet between the new freeway and Imperial, would be developed for warehousing and industry. The property tapers slightly but the average depth is 300 feet, he said. It is now zoned "M" and C-2.

The property is in the Lemon Grove School District, the Sanitation District and will come into the L.G. Fire District, Houston said. He said that he faced a problem in acquiring water since only 9 plus acres of the property are in the Helix Irrigation District. An estimate of $38,000 for off site development for water service was made by the district, he said. An engineer said that no official request for an estimate was made by Houston but $38,000 seemed a rassonable figure on the basis of information available at that time.

Houston said that he preferred to keep the developmnt within the various Lemon Grove districts but that water might make annexation to San Diego mandatory.

If the property is annexed to the city of San Diego, off site development costs would also be involved. City water department officials said that the nearest point of supply would be the east side of College near the top of the hill. If the Walker Scott development is completed before the need for water on the industrial site, water may be taken from the main planned to bring the supply from the west. Considerable savings would result in this case. The College take off would involve crossing the freeway and College Avenue with an estimated 3/4 mile long main.

OVERSEAS JOBS OPEN FOR CALIFORNIANS

Opportunity with a capital "O" for young men and women with a hankering to work abroad for the United States Department of State is knocking loudly here. Now they have a wide-open chance to apply for jobs as typists, stenographers and clerks in American embassies, consulates, and legations all over the world.

Personnel officers from Washington, D. C. are conducting personal interviews for overseas jobs at the California State Employment Service Office in Los Angeles this month, 9 a.m. to 5 p.m. daily. They will also be available until 7 p.m. on Wednesdays and 9 a.m. to 12 noon on Saturdays.

Young men and women who wish to work overseas for the foreign service must be between the ages of 31 and 35, single with no dependents, American citizens, and have at least three years of office experience. They must be able to type 50 words per minute or take shorthand at 80 words per minute, or both. Two years education above high school may be substituted for no more than two years of experience. Beginning salaries are $3390 for all positions, plus annual salary increases for satisfactory service.

Free housing or a housing allowance is paid overseas. Overseas assignments are for two years at a post after which employees are returned to their homes at government expense for six weeks home leave at full pay. In addition, they have a 13-day vacation each year plus 13 days of sick leave, and are eligible for government insurance and retirement benefits.

Haas Heavenly Candies to Open In Lemon Grove

Mr. and Mrs. Paul Hill will open a Haas Heavenly Candies Store later this month at 7947 Broadway, near the Lemon Grove Post Office, it was announced this week by Ernest Rahmeyer, field representative for the manufacturer.

The Haas Candy Company of Oakland has been makers of high quality candy since 1882 and recently marked its entry in Southern California business by opening a store on Wilshire Blvd. in Los Angeles.

The Lemon Grove store will feature a complete line of 120 varieties.

Date for the opening has been set October 25.

Posters Endanger Lives of Linemen

An appeal, asking cooperation of the public in eliminating the chance of accident to electric linemen, has been made by the San Diego Gas & Electric Company.

The utility's safety director, James E. Smith, states that there exists a mounting epidemic of advertising, political, and special event publicity posters being placed on power poles. This is creating a growing hazard to the safety and welfare of linemen who climb those poles, Smith said. Their climbing spikes glance off nail or tack heads used to fasten posters to poles. He pointed out that the fall, which is likely to occur, could result in painful injury, temporary disability, or worse, to a friend, neighbor, or fellow citizen who is doing a vitally important job in the community.

Smith explained that poster placement on utility poles is in fact a violation of the California Safety Code. He added that this official accident prevention measure has been in effect for many years and until recently had been, generally speaking, conscientiously observed by an understanding public.

Governor Stevenson will arrive at Lindbergh Field about 7 p.m., being met by a reception committee headed by Henry L. Nunn, chairman of the Stevenson-Kefauver committee. He will go directly to his hotel and the rally will begin at 8 p.m. with Myron Lustic chairman of the program committee. With Mr. Stevenson will be U. S. Senator Albert Gore (D-Tenn.), Governor George M. Leader (D-Penn.), Governor Robert B. Meyner (D-N.J.), Governor Edmund S. Muskie (D-Maine), and U. S. Senator Hubert Humphrey (D-Minn.)

Since the bowl seating capacity and parking are limited, the public is urged to arrive early. Further information may be had by contacting Democratic headquarters at 831 Sixth Avenue, San Diego, or telephone BE 9--8097 or BE 4-3103.

Mrs. Charlotte Phillips of the Spring Valley Stevenson for President headquarters urges all to attend the rally. You may contact her by phoning HO 6-4209.

Fathers to Have Part In Grossmont PTA Program

The Grossmont PTA executive board together with fathers of Grossmont PTA will hostess their annual potluck get-acquainted dinner for parents and teachers, on Oct. 11 at 6:30 p.m. in the Grossmont Cafeteria at Grossmont High School. Mrs. Dee Culver, hospitality chairman, says fathers will help serve food, help in the kitchen as well as prepare it.

TO SPONSOR WHEELCHAIR SKIT

The Spring Valley Firemen's Auxiliary (ladies) will sponsor a wheelchair show at the Spring Valley Junior High School auditorium Monday, November 5 at 8 p.m. The proceeds will be used to start a Spring Valley Firemen's relief fund.

Tickets for the show may be purchased from any member of the auxiliary. Late comers to the show may purchase tickets at the door providing they are not sold out. The ladies urge everyone to arrive early as there are only 540 seats in the auditorium.

The auxiliary wishes to thank everyone who supported their recent bake sale.

At the last meeting the auxiliary voted to purchase seat covers for the fire chief's station wagon. It was decided to hold a potluck social at Fire Station No. 1 for the auxiliary husbands, wives and members on Friday, October 26 at 7:30 p.m.

Mrs. Emma Allen, auxiliary representative to the Spring Valley Coordinating Council, has resigned that post and is being replaced by Mrs. Ann Caldwell. Mrs. Marge Mourning, secertary of the auxiliary, has resigned and Mrs. Muriel Doyle will act as secretary pro-tem.

Tony and Rose Spinazzola Married 25 Years

It was 25 years of married bliss for Mr. and Mrs. Anthony Spinazzola (Tony and Rose) of 8890 Jamacha Road, South Spring Valley, last Sunday, September 30.

The 65 guests present (except your reporter and wife) were all from the same town in Italy as were the Spinazzolas, Barile, in the Province of Potenza. (Even the man with the big cigar.)

The celebration, which took place in the Spinazzola patio, had a touch of old Italy itself, with plenty to eat (the food was out of this world) and drink and that beautiful Italian music, played as only those sons of Italy musicians know how, with their guitars, mandolins and accordions.

On into the night went the celebrating, with a mock wedding, dancing and singing, and topped off with the cutting and serving of a beautiful and delicious cake.

Tony and Rose, the parents of four children, have been residents of Spring Valley since August of 1947. Tony came to America when he was 17 years old, and Rose at the tender age of eleven.

They met in New York, fell in love and were married in the old Holy Rosary Church on 119th Street. Rose said the whole neighborhood turned out to see them married. The church was overflowing and the priest had to close the doors.

Tony's father, who is 84 years old, still lives in Italy, but his mother has passed away. Rose's parents are both gone.

Tony learned the plastering trade in New York soon after his arrival and has been working at the trade ever since. He now is plastering foreman for the E. F. Brady Company, which has done work for many of the big housing projects in San Diego County, including the Allied Gardens.

A member of the Spring Valley Chamber of Commerce, Tony has been quite active in civic affairs and influential in bringing about many improvements in Spring Valley.

IN THE "GOOD OLD DAYS"

electric utility poles, throughout San Diego county, bore a metallic plate on which were stamped the words "POST NO BILLS". This brief notice was a reminder that the California Safety Code prohibits pole-type advertising as an accident prevention measure. Prior to such action by the California Safety Commission, several painful and fatal accidents had occurred when the climbing spikes of linemen glanced off nail or tack heads used to fasten the posters to the poles, causing a slip or fall. The public was quick to respond to this safety measure, not wishing to commit any act which might prove harmful to a neighbor, friend, or fellow citizen. After a few years of fine public cooperation the utility companies decided to discontinue the "Post No Bills" pole notices. Recently, however, large and small posters have again appeared on utility poles. They not only present an unsightly appearance along the highway, but still constitute a violation of the California Safety Code.

We again ask the public for its cooperation. Those in charge of promoting public events or a candidate for public office should think twice before using utility poles for their advertising material. Our line crews are instructed to remove all such hazardous signs. We earnestly hope the public will respond to this request and make such orders unnecessary.

Square Dance News

LEMON EIGHTERS

October is Party month for the Lemon Eighters, with two big parties in the offing. irst of these is a mammoth Homecoming Party, on Thursday, October 18th. The following week, we commemorate that time of year when witches prowl and grey ghosts howl, with our Second Annual Hallo'een Dance.

The Homecoming Party will start off with a planned Pot-Luck supper, to be served at 6:30. All members who have been absentees of late, and of course, our faithful regulars are invited to attend. Nothing makes for a more welcome feeling than a good meal, shared with friends.

COUNTRY COUSINS

The Country Cousins held their Saturday night dance to the usual fine calling of Marvin Yates.

First party night will be held on October 27th. The theme will be Halloween and costumes are encouraged. Refreshments will be served.

We dance every Saturday night except the fifth Saturday of the month from 7:30 to 10:30.

R'YTHM ROUND'RS

The R'ythm Round'rs, who have often enjoyed the hospitality of Juanita and Roy Close at their home at 7529 Central Ave., prepared an evening of surprises for both of them last week using Roy's 39 (?)th birthday as the theme.

While half of the club members entertained the Close's at a surprise dinner in the Flamingo Room at Michael's, the other half assembled at the Close's Dancetorium to prepare a surprise after party. A king size birthday cake decorated with the R'ythm Round-'rs musical emblem — a deluxe 48 cup coffee maker, 48 coffee mugs and plastic knife and fork sets engraved "Close Quarters" were the surprise gifts.

Harriet Baumgarten and Edith Foote were the hard working gals in charge of the party and Bob Rogers engraved the parchment scroll with the date and the names of the participants.

The R'ythm Round'rs, a group of round dancers, meet each Tuesday evening at the La Mesa Junior High School.

LEVIS AND LACES

Levis and Laces Haloween party had the largest group of square dancers this scribe has ever seen in a year of attending Saturday night parties. A very colorful dance with our members being in costumes. The committee dressed as ghosts, cut in and out of the squares during the evening making dancing very interesting.

Floyd Hedge and Wayne Hendricks were on hand with their special hoe down music.

SQUARE EIGHTERS

Like to dance with happy people? That can be done every Wednesday night at the La Mesa Legion Hall with the Square Eighters and callers Pete and Helen Mighetto.

Don't forget our First Anniversary Party on October 17.

There will be live music and fun galore. We'll be looking for you.

SQUARE WHEELERS

The Square Wheelers Dance Club met in the Spring Valley Community Center Hall Saturday, September 27. Records furnished the music. Club caller was Bion Henderson with guest callers Bill Keller, Al Rider, Jack Smith, Roy Close, Mervin Taylor and Alan Wolfson.

Hosts and hostesses were Ray and Frances Nieces, Ralph and Dee Gillum, Jack and Julia Zehlman and Harry Fink.

The guest list included Bill and Opal Hicks, Bill and June Betts, Ed and Doris Bacorn, Ann and Angie Arnoroso, Bill and Jo Schooler and Bill Barnes.

Full Recreation Use Of Youth Building Asked

The County Supervisors will be asked to return all of the building known as the Youth Center to youth uses, it was decided at a general meeting of the Lemon Grove Youth Center Committee. At present, part of it is used by County Building Department and County Nurses. Civil Defense has already agreed to relinquish the space it had occupied.

A committee was also set up to get information and a time-table for forming a recreation district. Frank Armstrong was named to head this group. Tom Warburton presided.

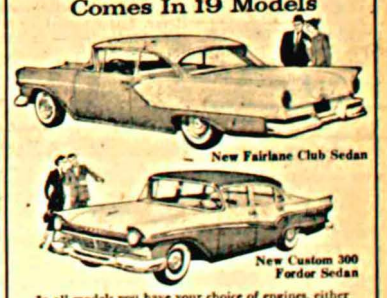
This is where Tomorrow starts!

After today, American cars will never be the same again. For the Big New Kind of Ford is a brilliant new automotive package—the one fine car in the low-price field!
We've unwrapped the 1957 Fords!
They're the best Fords of our lives.
The power is new—with Silver Anniversary V-8's to fit every horsepower need.
The style is new—a revolutionary, sharp, brilliant, clear-cut design that will stand out in traffic.
The comfort is new—a rock-solid velvet-road ride.
The braking is positive — silky smooth when your toe says "whoa." The steering is light and firm.
This is a great automobile, from the large honest dial faces on the instrument panel to the effortless loafing way it cruises.
The new Ford begins with the "Inner Ford." Its new elegance comes from within, from the way its automotive muscles are put together. All the changes are toward more rugged endurance, toward increased power, toward smoother operation. These are the bases for its "Mark of Tomorrow" elegance. This is the one fine car in the low-price field.
There are actually 19 different new kinds of Ford—and no matter which one you choose, it's yours at low Ford prices!
How does it look? It's only fourteen hands high—as tall as a child's pony. You can stand beside it and lean your elbows on its roof. And it's over seventeen feet long . . . 21 inches wider than it is high!
This big new Ford looks like the fun on a travel poster. It's the kind of car that looks sunshiny in the rain.
It looks as fresh as morning.
It looks like tomorrow—like the first thing out of Detroit that symbolizes the new Age of Movement.
See it at your Ford Dealer's. Give it your own Action Test. But you'd better leave a deposit . . . for you won't want to bring it back.
The Big New Kind of Ford Comes In 19 Models



In all models you have your choice of engines, either the great Mileage Maker Six or one of the new Silver Anniversary Ford V-8's.* You'll have no trouble choosing Ford—but you'll have trouble choosing which Ford! Six or V-8, the going is great!
*A special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, extra-high-performance Thunderbird 312 Super V-8 delivering up to 285 hp.

Mrs. Knapp Suffering From Insect Bite

Mrs. R. A. Knapp—Maxine to her friends — 6997 San Miguel Avenue, leader of Lemon Grove 4-H group, is confined to her home and under doctor's orders to keep off her feet for a week, or else.

Mrs. Knapp went on a beach picnic with her family and friends a few days ago, sat on the sand and was bitten by a sand flea. The bite became infected and after suffering in silence for a time, the lady went to her physician, who took steps and gave orders—which were ignored as to staying in bed—and blood-poisoning was evidenced. At this writing, Friday a.m., Mrs. Knapp is reconciled to a stay in bed, and promises to "do what the doctor orders."

Imagine this lady being "stood in bed" with the first meeting of the Lemon Grove 4-H Club coming up this afternoon, and programs to arrange, etc. Mrs. Cosby has volunteered to take over until Maxine gets back on her feet.

Coupled with her own indisposition is the news that Maxine's step-father, Mr. Boggeln, is at death's door in Oakland. He is suffering from cancer in the last stages. Mr. and Mrs. Knapp returned last week from a hurried trip to Oakland, and expect to be called back at any time.

Kiwanis Toy 'Library' Unveiled At Grossmont Hospital

A feature of last Friday's board meeting held by Grossmont Hospital Women's Auxiliary, was the unveiling of a gift to the hospital by the Lemon Grove Kiwanis Club. It is a handsomely appointed toy-cart, stocked with dolls and other toys certain to delight the heart of a child patient. Implicit in the gift is replacement by the club of toys that wear out. It has not been decided, as yet, which of the auxiliary's in-hospital volunteer services ("pink ladies") will have charge of this new "lending library" of toys — whether the hospital aides who, under Mrs. L. L. Louis's direction, serve as receptionists and on patient floors; or, the library service, directed by Mrs. Eliott Johnson, offering reading matter to patients desiring it, on a no-cost loan basis.

The board extended a vote of thanks to the Lemon Grove Kiwanis, and directed that a letter be written to this effect.

Local Realtor Reports On State Convention

Marie West Parrish, local realtor, 7968 Broadway, who attended the 52nd annual convention of the California Real Estate Association in San Francisco reported that San Diego real estate women had contributed generously to the State Association's Scholarship Fund.

"Our group turned in a check for the scholarship fund almost equal to the amount from all other Boards of the State," she said.

She commended San Franciscans on their ability as hosts and Governor Knight on his assurance of Feather River water. John Cotton, San Diego realtor is 1956 State president.

TIME CHANGED FOR BAPTIST PROGRAM

The First Baptist Church of Lemon Grove has announced a change in the time for their regular Sunday Evening Services. The Training Union which is offered for the complete family will begin at 6:00 p.m. instead of the previous hour of 6:30. The Evangelistic Worship Service which was formerly scheduled for 7:45 will begin at 7:15 and close at 8:30 p.m. This fine program was changed for the convenience of the members for the winter months.

Prevention Program Is Part Of Fire Department Program

Most folks, Lemon Grove Fire Chief Harold Hensley says, don't realize that the fire department spends much of its time making careful inspections and in other fire prevention activities; much more time by far than it ever spends responding to alarms and actually fighting fires.

Today's fireman, according to the chief, is not only a fire fighter, he's equally skilled as a fire "preventer."

"We hope more people here in Lemon Grove will take advantage of the fire department's fire prevention training," he said. "Its for their own safety and they can easily do so simply by supporting our home inspection program."

He pointed out that a fireman can spot serious fire dangers in the home that wouldn't ordinarily be recognized as such by most householders.

The International Association of Fire Chiefs are campaigning for home inspection programs by all fire departments," Chief Hensley said. They claim this would cut the annual toll of 6000 home fire deaths at least in half.

Chiefs Hensley and Fred Dixon attended a meeting of Southern California Fire Chiefs Association last week at Santa Monica.

Open House will be held all week at the Lemon Grove Fire Station on Central Avenue to Mark National Fire Prevention Week.

could be sold.

Two owners were involved. One, Duke Morris, who operated the La Presa Airport, agreed to extend the option. The other owner refused. The county had no funds set aside to meet the $12,000 obligation for the latter piece.

Probably the other piece could be picked up by condemnation proceedings but that would have been more delay, maybe as much as a year. Into this breach stepped Hansen. He picked up the option and made title available to the county. The other day an item appeared in the notes of the supervisors in a column we run in this publication. It read "The board consumated the purchase from Fred J. Hansen for $12,000 for real property. . . . This property is in connection with the Spring Valley sewer plant."

Hansen, without hope of compensation, had picked up the tab and gotten the county out of a bind.

For that, and other actions, the two departments he has served as an unpaid citizen for 26 years, paid him homage by making him guest of honor at last week's luncheon.

600 NEW HOMES TO JOIN REVIEW FAMILY OF READERS

Herzinger - Harris Builders
6921 Lisbon Avenue
San Diego 14, California

Max Goodwin
Publisher, Lemon Grove Review

Dear Mr. Goodwin:

We are building six hundred homes south of Lemon Grove in our San Altos project.

We are on record with the county government and the post office department as being desirous of keeping this development in the community of Lemon Grove.

We feel that the eventual residents will want to remain in the Lemon Grove school, fire, sanitation, and postal districts because of the advantages of suburban freedoms and a more casual tempo of living.

We have decided that one way of making these advantages manifest to our new residents is to acquaint them with makeup and habits of the Lemon Grove community through the local newspaper.

I have been a regular reader of the Lemon Grove Review since becoming interested in San Altos Terrace as a development. Much of my knowledge of the community has come from this source of information. Your newspaper appears to be accurate and on top of the news.

While the homes we are building are moderate in price, they are designed to answer the modern needs of families whose interest is centered around the home. In a word, these homes are designed for making solid families happier.

For all of these reasons we have decided to supply each new resident of San Altos Terrace with a year's subscription to the Lemon Grove Review. These names and addresses will be supplied to you as they become available. Submit your statement to Hertziger-Harris, 6921 Lisbon Ave., San Diego 14, California.

LETTERS TO THE EDITOR

Dear sir:

This is to let you know about our experience with the Lemon Grove Review Shop at Home Coupon Book. We had an offer in the book and the response was so great that we had to install $500 worth of new saw machinery to handle this business. We didn't know there were so many saws in the world as we got during the distribution of the booklet. Thanks for letting us in on it.
